THE 2026 AI TOOL

Reality Check — Winners, Losers & the Overhyped

SWIPE →

Half the tools you paid for in 2025

...are dead or obsolete in 2026.
Here's the honest scoreboard.

USE DAILY

01

WINNERS

Claude · n8n · Gemini 2.5 · Lovable
Perplexity · Fal.ai · Notebook LM

RIP

02

LOSERS

Jasper · Copy.ai · Writesonic
AutoGPT · BabyAGI · generic GPT wrappers

CAREFUL

03

OVERHYPED

Devin · most 'AI agents'
Most .ai startups with no moat
$20/mo ChatGPT clones

HIDDEN GEM

04

UNDERRATED

n8n (still unknown in US)
Cline (VS Code agent)
Fal.ai (fastest image API)

87%

of 'AI tools' you paid for in 2025
are replaceable by Claude + n8n

05

THE NEW RULE

If your tool isn't building moats,
it's building tombstones.

RECAP

WHAT TO DO

- Audit your AI SaaS stack this week
- Cancel anything Claude can replace
- Double down on n8n + Claude
- Buy tools with moats, not hype
- The stack that worked in 2024 is dead
