# 7 Hidden Automations

...that live inside every business

SWIPE →

NODE://FIND

# Every business has $5k/mo of waste.

You just haven't looked for it.
Here's where it's hiding.

QUICK WIN

# 01

# THE COPY-PASTE JOB

Anyone moving data from App A to App B manually. Kill it first.

EASY WIN

# 02

# THE EXCEL GHOST

The spreadsheet 3 people update daily.
That's a database waiting to happen.

# 03

# THE SLACK DM LOOP

'Hey, can you send me the numbers?' — every Monday. This is a dashboard.

HIGH VALUE

# 04

# THE REPORT BUILDER

Anyone making weekly slides from scratch.
Automate the PDF, not the decisions.

MEDIUM

# 05

# THE HUMAN ROUTER

Someone assigning tickets based on rules.
Rules = automation.

GOLD

# 06

# THE INBOX FILTER

Anyone sorting emails manually for 30+ min/day.
That's a GPT classifier.

SAVES FACE

# 07

# THE REMINDER NAG

Anyone chasing people for updates.
Automated Slack nudges do this for free.

RECAP

# THE AUDIT PROMPT

- 'What do you hate doing weekly?'
- 'What's in a spreadsheet 3 people touch?'
- 'Where do you copy-paste?'
- These 3 questions = $5k in savings

NODE://END

# RUN THE AUDIT

Pick ONE process this week.
Reply with what you found.
I'll help you scope the automation.
