The Weekly Rhythm

for solo founders who refuse to burn out

SWIPE →

Most solo founders work 80 hours.

And build 10 hours of value.
Here's the rhythm that flipped that ratio.

L

MONDAY · PIPELINE

2 hours of outbound. That's it.
Send 20 messages. Follow up 10. Log it.

II

TUESDAY · DEEP WORK

5 hours deep work on #1 delivery.
No meetings. Phone off.

III

WEDNESDAY · CLIENT DAY

All client calls batched here.
3-4 max. Never more.

IV

THURSDAY · BUILD DAY

Internal systems + content.
The day you invest in YOURSELF.

V

FRIDAY · REVIEW

Weekly review.
What worked. What didn't. Plan next week.

VI

SAT-SUN · OFF

No work emails. No Slack.
Your brain needs boredom to generate ideas.

32 hrs

Total worked per week
(vs. 80hr burnout baseline)

THE PRINCIPLE
