DATA://01

AI Adoption by Industry

The numbers nobody posts

SWIPE →

DATA://CTX

Everyone asks: 'is AI overhyped?'

Depends on your industry.
Here's the real 2026 adoption data.

78%

Software & tech
Top adopter. Obviously.

61%

Finance & banking
Fraud detection + research

54%

Marketing & media
Content + automation

34%

Healthcare
Slow — regulation

22%

Construction

The biggest OPPORTUNITY gap

INSIGHT

01

THE PATTERN

High-adoption industries = more competition.
Low-adoption = untapped goldmines.

OPPORTUNITY

02

WHERE TO BUILD

Construction · Logistics · Legal ops · Real estate · Manufacturing.
<30% adoption = easy wins.

RECAP

THE CONTRARIAN PLAY

- Everyone builds for tech
- Smart money goes where tech hasn't
- Boring industry + AI = moat
- Pick the industry nobody tweets about
- That's where the money is
